PROFESSIONAL PROFILE

Quality Assurance professional with a Bachelor of Science in Food Technology and experience in cold-chain logistics, GMP and SSOP auditing, quality inspections, documentation control, food-safety training, and corrective and preventive action (CAPA). Skilled in monitoring product integrity, documenting non-conformities, maintaining traceability records, and supporting inspection readiness.

CORE SKILLS

GMP compliance | SSOP compliance | Cold-chain monitoring | Temperature and humidity records | Quality inspections | Non-conformity management | CAPA | SOP control | Traceability | Food safety | Audit readiness | Microsoft Office

WORK EXPERIENCE

Quality Assurance Officer | January 2021 - December 2021

Royal Cargo Inc. | Laguna, Philippines

- Conducted weekly GMP and SSOP audits and documented findings to support food-safety and regulatory inspection readiness.
- Monitored cold-storage temperature and humidity for food-grade products and maintained complete cold-chain records.
- Inspected incoming materials and finished goods, recorded non-conformities, and coordinated corrective actions.
- Maintained SOPs, quality records, and traceability documentation to support data integrity and audit readiness.
- Investigated quality incidents and implemented CAPA measures to reduce recurrence, handling errors, and avoidable waste.
- Delivered GMP, hygiene, and food-safety onboarding for new personnel.

Food Server and Receptionist | May 2014 - October 2021

Sumosam Restaurant | Philippines

- Managed reservations, walk-ins, and seating flow during high-volume service periods.
- Handled customer requests and dietary information and coordinated requirements with kitchen personnel.
- Maintained service hygiene and sanitation practices in line with food-safety procedures.

Food Server, Cashier and Receptionist | January 2014 - April 2014

Don Juan Restaurant | Philippines

- Performed reception, table service, and cashier duties in a fast-paced restaurant environment.
- Processed payments, balanced the cash drawer, and maintained accurate transaction records.
- Maintained cleanliness and followed health, safety, and sanitation procedures.
